

BEYOND JOURNEY

VISION educate empower enlighten

MISSION: Our mission is to serve humanity in a way that brings out the latent but potent human excellence that exists within. We believe in empowering the needy, tribal and underprivileged children through education.

INSIGHT: A spiritually-oriented, Organisation was formed in January 1999 to spread the moral and spiritual values. Tapovan aims at achieving this by translating its ideals into practical activities for the elevation of humanity irrespective of caste, creed, community, gender, or religion looking upon people as the absolute manifestation of the Divine.

NACHIKETA VIDYA: We provide free education to 270 underprivileged tribal and needy rural children from Mahabubnagar District and 280 underprivileged children from Hyderabad.

NACHIKETA PARYAVARAN: We have 'The Green Print, an initiative to serve Mother Earth', where we undertake plantation drives and also work on **wealth out of waste (WOW)** by recycling dry waste. We also run a Gaushala housing around 35 cows, bulls, calves to maintain ecological balance.

NACHIKETA VAIDYA: We also have a weekly dispensary for needy people and periodically conduct Health Camps at various places.

NACHIKETA ADHYATMA: A spiritual seat for self-awareness. Nachiketa Sadhana channelizes your inner energies, ignites the inner fire and helps in encountering the self. Feel, experience and propagate the most ancient knowledge.

NACHIKETA SAHITYA: Sahitya is an offering from Nachiketa Tapovan to disseminate Indian teachings and share secular and spiritual expressions.

HUMBLE THOUGHT: Even after 20 long quality years of investment of life, we still feel, we have just started our journey and we have miles to go to bring the most and must needed change in the society. We know, selfless service is what drives all of us, so please do help us in our noble pursuit.

SOLE MOTTO: To empower rural, tribal, underprivileged and needy children and youth through holistic education and elders through various life infusing activities to prepare them for life.

MEMBERSHIP SCHEME

Nachiketa Tapovan solely depends upon donations by like-minded souls and philanthropic partners like you. The organisation wouldn't have been where it is today had it been a journey of a single person. We need everyone. We need every single support. We need every small help, no matter what it is.

Membership drive is one such initiative, that strengthens the fifth pillar of the organisation. For any organisation, Philosophy is the first pillar that defines the core values and around which everything revolves. Objectives is the second pillar that defines external expression, whereas third pillar is Volunteers who serve as a backbone of the organisation, fourth pillar Financial support that decides the longevity and fifth pillar Hardcore members working

as an external force that drives the organisation beyond limit.

They say, we shouldn't stretch beyond our limit but there's nothing wrong in pushing our limits beyond. Fifth pillar called hardcore members push our limits beyond. In fact, members are the one whose silent work takes the organisation to new heights.

Membership Drive is an essential part of every organisation. We need therefore, members to come forward and contribute to strengthen the organisation. You can opt for one year or life time membership. Membership money would be kept as a corpus fund and only interest is used without touching the principal amount, so your donation lasts forever.
