PROJECT PROPOSAL OF

NACHIKETA VIDYA MANDIR KODGAL

...a temple of learning for tribal and rural children

Dear One!

Thank you so much for your earlier support!

I know, a mere 'Thank you' will not convey our feelings. Our society owes a lot to philanthropic partners like you.

Nachiketa Vidya Mandir is happening and credit goes to souls like you who have contributed towards NVM Kodgal Branch.

As you know, challenges are there at every step, yet it isn't just our dream to build infrastructure, we also have brought schooling to the doorstep of needy children, by upgrading our Vidya Mandir till grade 10th.

As infrastructure is of paramount importance to infuse life in the lives of tribal and underprivileged rural children, your concern and

helping hands can really make a difference. We need your support and also divine intervention. Your inputs will be highly appreciated.

So, we earnestly request you to come forward and support the cause. Your support means a lot!

Your every support counts and I really mean it.

We once again solicit your continued patronage towards the noble cause. Please help us out by supporting the cause!

Yours in the service of Humanity

Swami Nachiketananda Puri

Insight:

Nachiketa Tapovan is a non-profit organization formed in 1999, with the sole aim of upliftment of the downtrodden and the unfortunate in the society who struggle even to fulfil the basic needs of life. We at Nachiketa feel that the only way of making difference in their lives is to impart value-based education which will equip them to bring a positive change in their lives and improve their condition.

Nachiketa Tapovan looks at all our students as manifestation of divine and holds immense potential irrespective of their caste, creed, community, gender or religion. Our main focus is on the upliftment of the living conditions of the poor people living in rural areas.

Nachiketa Tapovan has got two centres, one at Hyderabad Kavuri Hills, and the other one is located at Kodgal village, Mahabubnagar. Free Education is provided to all the needy Children in and around the area. At present, around 500 children are getting free education in both the schools.

Right now, the Trust is providing free education from LKG to grade 9th to 300 rural & tribal children at Nachiketa Vidya Mandir, Kodgal village, Mahabubnagar District.

At Kodgal village in Mahabubnagar District, the Trust also conducts summer classes of spoken English and Computer Training.

Our Vision: educate empower enlighten

Our Mission: Our mission is to serve humanity in a way that brings out the latent but potent human excellence that exists within. We believe in empowering the needy and underprivileged children through education. We believe in imparting the right knowledge about life and its values. We believe that education is the right of these children and in this pursuit, we wish to transform the lives of as many children as possible by imparting knowledge about life and its values. These children when they leave Tapovan will be the torch bearers for the nation and will impart the values that they have learnt to the world at large.

Our Activities:

- We provide free basic education for needy students from weaker sections of our society
- Provide homely atmosphere to our students ensuring that they are treated with love and affection
- Safety of our students is our priority hence we haven't just installed CCTV in every classroom, we also have covered the whole premises
- We provide a nutritionally balanced mid-day meal to our students
- Arts and crafts made by children with ecofriendly material are sold in craft sales events, the proceeds of which are used for the benefit of the children
- The Green Print club is an initiative to help the environment. The main activity includes tree plantation and collection of recyclable items

Infrastructure Facilities:

Currently we have 12 classrooms to cater to 300 children from LKG to 9th grade. Presently we are using 3 rooms to accommodate Computer lab, a Staff room and Principal room. Two separate units of Toilets for girls and boys are functional. We have a central Hygienic Kitchen for School children. Whenever we get donations from our philanthropic patrons

towards Annadanam, Children are being provided with nutritious meals. We are generating our own electricity from Solar Power Plants. Sufficient water is available, as the campus has two bore wells from which water is drawn and filtered by RO Plant and the same is provided to the children.

Title of the Project

NACHIKETA VIDYA MANDIR

a temple of learning for tribal and rural children

"Education is the manifestation of perfection already existing in man" -Swami Vivekananda

Our Mission & Vision:

The relentless pursuit of the school has been to lay the foundation of a noble character in the young minds by instilling in them the eternal and universal values of truth, patriotism, brotherhood and moral integrity so that they grow up as ideal citizens who can shape the destiny of the self, families and brethren.

Project Summary:

The main reason behind building a school in Kodgal village in the district of Mahabubnagar in Telangana State is to ensure that education is provided to the underprivileged and needy children entirely free of cost. Physical nutrition is essential along with quality education. Remoteness of the area, lack of resources all contributed to the grim situation of the region.

"Nachiketa Vidya Mandir" was envisioned to address the need for free quality education in this area where many underprivileged but enthusiastic families are in need of the same. At Nachiketa Tapovan, we believe that education is the best way to bring social change in the country.

Goal of the Project:

To empower rural, underprivileged and needy children through holistic education and to prepare them for life.

Major Problem of the District in context to rural:

- Low Literacy
- > Poor health
- Ignorance, lack of awareness
- Unsecured livelihood
- Lack of technical knowhow of income generation and meaningful uses of natural resources

- ➤ Lack of self-employment ventures
- > Unemployment and Under employment
- High migration
- Lack of safe drinking water
- **Lack** of sanitation

Need of the Project:

- Empower rural society through Education
- Create a literate environment
- To reinforce the concept of Sarva Shiksha Abhiyan by providing free and compulsory education to children, irrespective of caste, creed or gender, as a matter of right
- To raise the level of education and literacy rate in the rural areas
- To increase education awareness in the rural sector of India
- To provide a holistic approach to education

Location of the Project:

The proposed "Nachiketa Vidya Mandir" has been decided to be implemented in Nachiketa Tapovan premises at Kodgal village, Mahabubnagar District.

Objective of the Project:

- To provide Secondary education (10th class) to our students and provide academic as well as value-based education to children in rural areas
- To create awareness in people in rural areas about the importance of education
- To build Eco-friendly infrastructure for the school and educate the children on the importance of environment and thereby creating environmental awareness
- To organize, strengthen, capacitate for overall empowerment of the community

- To ensure maximum literacy status through intervention of proper literacy and quality program within the project area
- To provide educational facility within one kilometre from their homes
- To provide recreational and sports activities apart from education
- To provide equal opportunity for all rural children to walk along with other children and participate in the growth of the country

Our Immediate Requirement:

Just as food is considered a basic need for the human survival and physiological development, similarly value based education is required for the mental development and enable the Individuals to find out their real nature and true self. Education will bring a welcoming and positive change in an Individual's life.

Our idea is to provide the best schooling to our tribal & rural children. Therefore, we have decided to accommodate from conventional educational aids to modern educational system.

Presently we have 300 children and we run classes from LKG to 9th. It is noticed, that most of the children who have completed the school from Nachiketa Tapovan are not pursuing higher education and are getting into work as

Labourers or getting married (girls) at a very young age due to family pressures. It is observed that lack of good higher secondary schools can also be a cause.

So to address this issue Nachiketa Tapovan worked hard and got permission to run school till 10th class. Now this mammoth task requires additional infrastructure facilities.

Nachiketa Tapovan also has decided to construct a Main School building which has facilities like Science Laboratories, Library, Language labs and other admin facilities to cater to the needs of the higher classes.

Our immediate requirement is to get funds for this new building.

Construction Expenses of a School Building:

The table below details out the scope of the Project along with technical specifications and estimations. Please note that the estimation provided herein is as on 8th April 2022.

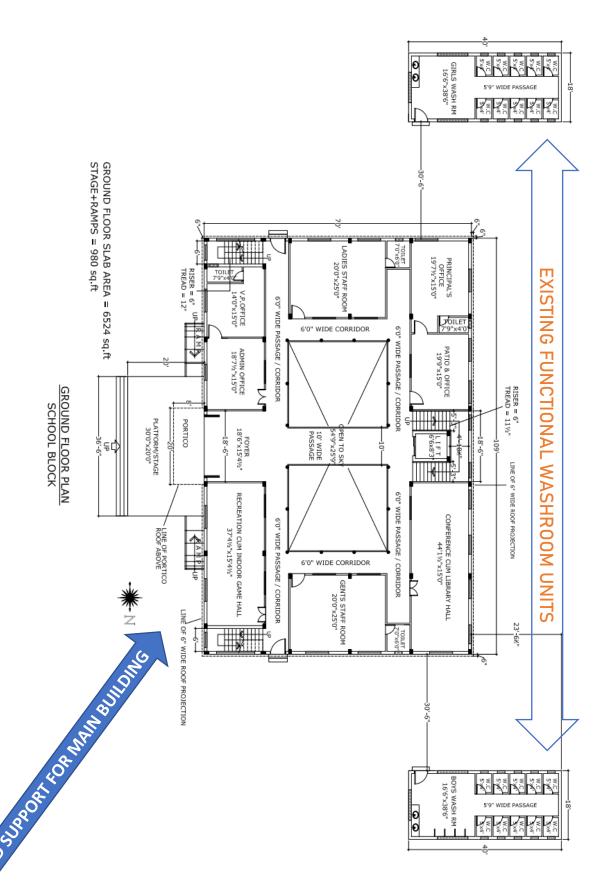

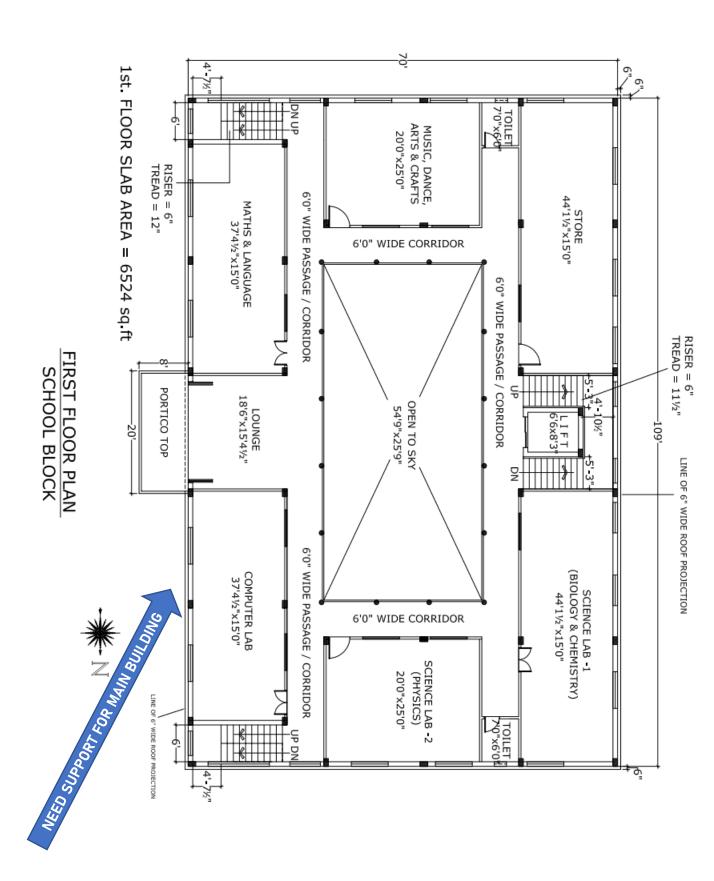

S. No	Nature	Specification	Estimated amount in rupees
1	Ground Floor Area	Area - 6774 sft @ ₹1500 / sft	₹1,01,61,000
2	Ma Saraswati Temple	Area - 300 sft @ ₹2000/sft	₹6,00,000
3	Platform	Area - 1250 sft @ ₹600/ sft	₹7,50,000
4	Portico Slab Area	Area - 120 sft @ ₹1500/sft	₹1,92,000
5	First Floor Slab Area	Area - 6524 sft @ ₹1500/ sft	₹97,86,000
6	Fire Extinguisher		₹5,11,000
		Total	₹2,20,00,000

The above-mentioned cost may vary from 10% - 20% based on the construction materials.

Construction of Ground Floor:

Construction of First Floor:

Project Scope:

SR NO.	PROJECT SCOPE	AREA	ESTIMATE
1	Recreation cum Indoor Game Hall	1100 sft @ ₹1500/-	₹16,50,000
2	Principal Office	550 sft @ ₹1500/-	₹8,25,000

PHILANTHROPIC PARTNERS	DONATIONS

Project Synopsis:

Running a school and imparting free education in a remotely located area is a noble act. This is a boon for the people living in and around the hamlets who are very happy as they are reaping benefits from it. This cannot be possible with one Individual but requires concrete effort and support from several people.

We cannot even dare to dream of taking up such gigantic projects, but because of philanthropic souls like you who have come forward not only to donate handsomely for the cause, but also working relentlessly along with us, we are able to see a kind of change that one always looks for.

Any donation can make a difference. We request all the people to come forward and support the cause. No donation is small, it is the intent that can make things happen. We request all the Noble people like you to come forward and

contribute generously to the cause.

This building includes Science lab, Computer lab, Maths and Language rooms and the premises will also have space for conducting extracurricular activities, which helps in developing and shaping the young budding talents.

Teachers are the pillars and the backbone of our institution. The building also includes two staff rooms and addl. Admin rooms.

Nachiketa solely depends upon donations; we request you to support this noblest cause by sponsoring for the construction of our school building from $7^{th}-10^{th}$ Class.

We have categorised donation buckets if the patrons intend to be part of the building like Individual rooms, Science labs, Laboratories, Scientific Lab Equipment, Furniture etc.

Outcome of the project:

- To maximize the enrolment of children in school education
- To minimise school dropouts due to various reasons
- Empowerment of the girl child in this rural area
- To improve the living conditions by educating the children who will bring positive changes in their homes and become better Individuals

Accountability:

Project Span:

The project has commissioned and completion is subject to availability of funds.

Reporting & Documentation:

Reporting and documentation will be done periodically and sent to the donor.

Monitoring and Evaluation:

- a. Monitoring: There will be an internal committee called Nachiketa Tapovan Core Team which comprises Trustees and volunteers as well as an external monitoring system that shall comprise donors from different walks of life under Nachiketa vidya Ad-hoc Committee to take an account of our ongoing activities
- b. Evaluation: Evaluation will be done by Nachiketa Tapovan Core Team with the consent of Nachiketa vidya Ad-hoc Committee

Sustainability:

In addition to school Infrastructure, to sustain the school and cover the Operating expenses, a minimum corpus fund is required once it is completely established. It is estimated that on an average ₹6,00,000 (Rupees Six Lakhs) will be required every month to run the school up to the 10th standard.

Philanthropic Partners!

It is you who have been the pillars of strength. It is you who have done great service for the mankind and not Nachiketa alone. Not many would come forward and donate for the cause and what Nachiketa has experienced in the recent past is philanthropic partners from different walks of life coming forward and making magnanimous donation for the noble cause.

Thank you! We will be always indebted to your services.

Once again, we salute your wonderful gesture & timely support!

We look forward for your continuous support to take

our Nachiketa Vidya Mandir to new heights!

NACHIKETA'S VISION:

educate empower enlighten

NACHIKETA'S MISSION:

Our mission is to serve humanity in a way that brings out the latent but potent human excellence that exists within. We believe in empowering the needy, tribal and underprivileged children through education. We believe in imparting the right knowledge about life and its values. We believe that education is the right of these children and in this pursuit; we wish to transform the lives of as many children as possible by imparting knowledge about life and its values. These children when they leave Tapovan will be the torch bearers for the nation and will impart the values that they have learnt to the world at large.

NACHIKETA'S INSIGHT:

NachiketaTapovan, a spiritually oriented, non-profit making organisation was formed in January 1999 to spread the moral and spiritual values. Tapovan aims at achieving this by translating its ideals into practical activities for the elevation of humanity irrespective of caste, creed, community, gender, or religion looking upon people as the absolute manifestation of the Divine.

NACHIKETA'S SOCIO-SPIRITUAL JOURNEY:

NACHIKETA VIDYA: We provide free education to 278 underprivileged tribal and needy rural children from Mahabubnagar District and 300 underprivileged children from Hyderabad. We believe that education is the best way to bring social change in the country.

NACHIKETA PARYAVARAN: We have 'The Green Print ...an initiative to serve Mother Earth', where we do undertake plantation drives and also work on WOW, wealth out of waste by recycling dry waste such as paper and plastic. Apart from that we run a Nachiketa Gaushala housing around 35 cows, bulls, calves to maintain ecological balance.

NACHIKETA VAIDYA: We also have a weekly dispensary for needy people and periodically conduct Health Camps at various places.

NACHIKETA ADHYATMA: A spiritual seat for self-awareness. Nachiketa Sadhana channelizes your inner energies, ignites the inner fire and helps in encountering the self. Feel, experience and propagate the most ancient knowledge.

NACHIKETA SAHITYA: Sahitya is an offering from Nachiketa Tapovan to disseminate Indian teachings and share secular and spiritual expressions. Literature is dedicated to showing how everyone can experience God in their daily lives as a tangible, loving presence and how all life experiences can become opportunities for spiritual growth.

HUMBLE THOUGHT: Even after 20 long quality years of investment of life, we still feel, we have just started our journey and we have miles to go to bring the most and must needed change in the society. Please help us to bring smiles on their faces. If something that brings beauty to the face is a smile of content, that's what we are trying to do with the help of noble souls like you. We know, selfless service is what drives all of us, so please do help us in our noble pursuit.

SOLE MOTTO: To empower rural, tribal, underprivileged and needy children and youth through holistic education and elders through various life infusing activities to prepare them for life.

This journey is not possible without the support of all our members. We are truly blessed to have such a diverse and thriving community comprising of passionate individuals from diverse professional and educational backgrounds.
