# NACHIKETA SCHOLARSHIP

Nachiketa Scholarship aims at creating a “Support System for the underprivileged, tribal, rural children, youth, old aged and young entrepreneurs of India. This platform aims to create a support system that not only would take care of educating young minds of their own choice but also helps them to chase their dreams and achieve the highest goal in life. This platform would act like a catalyst from educating young India to making them stand on their own feet. We want to cater to all possible areas through this scholarship. Support for education, vocational training, farming, weaving, reviving traditional signatures to research into science of life and helping new start up of young India to chase their dreams. Anything that marches towards the twin ideas of Swami Vivekananda “Man Making & Nation Building” will be taken into consideration. We want to support people who do not just think out of the box but also think beyond their own families and work for the Humanity without discriminating people by their gender, caste, creed, and religion and looking upon them as an absolute manifestation of divinity. Nachiketa strives for... Nachiketa thrives on... Nachiketa breathes on... Nachiketa lives on...!

Nachiketa’s soul lives in young India, progressive India, spiritual India. We want once again India with the land of pious souls, India that knew the science of acceptance, India that was accommodative and always exhibited true love and compassion and India, our Mother Land that believed in transformation within and not conversion without.

We are human beings with feelings, emotions, and infinite possibilities to experience divinity within and express it outwardly through selfless service to the humanity. Everything becomes meaningful when we find out the purpose of life. We should make sure that, no matter how many times we get defeated in the hands of destiny, our purpose shouldn’t get defeated. We have hit the earth with the sole intention to know our true identity and there cannot be any better tool than to get helped while rendering our services towards the mankind. I know, Divinity alone stands but one shouldn’t forget that humanity springs forth from Divinity alone.

So please make best use of your scholarship and transform your lives! Humanity needs people like you, your services and above all your active participation towards humanity.

**Dear One!**

**Pranams at the lotus feet of Divine Mother!**

Nachiketa Tapovan, a non profit making, spiritually oriented service organisation started in 1999 to spread the universal values in the society by way of socio-spiritual activities. The journey was amazing and so it was with all our activities. Twenty years just passed by. In twenty years, Nachiketa has seen many twists and turns but always stood like a Himalayan mountain. Today what we see as a Nachiketa is all because of philanthropic partners like you who have contributed handsomely towards the cause. Had it been the journey of a single man, it would have been very difficult to see where Nachiketa is today. Thank you one and all for your wonderful gesture.

Since, ongoing activities need more refined structure, we have decided to take up activities one by one to reform them to shape the society. Scholarship is one such initiative and if strengthened, society will surely get benefited. It is, after all, not just feeling for the society but also extending our helping hands towards the humanity. They say, we are one entity so just feelings or emotions aren't enough, we need to translate them into reality.

We are working on developing Nachiketa Scholarship to support needy ones who would play a pivotal role in shaping our new India. We want individuals, pious souls, philanthropic institutions and spiritual souls to come forward and become part of our Nachiketa Scholarship Drive. Your donation would carry your name along with Nachiketa. Your gesture would help us out in building up corpus fund towards Nachiketa Scholarship. We would use interest as per your discretion thereby scholarship would go on forever. We would make sure that, every rupee that is donated by you will be spent for the same cause. We want your contribution to make our Mother Land a better place to live in.

So please come forward and support in whatever way you can. Corpus fund can be on your beloved one's name. Your simple gesture can bring a smile on many faces and may help in shaping someone's life too. We live in the world of possibilities and nothing can be ruled out. Anything and everything is possible, just need strong will power, feelings for humanity and ready to sacrifice our own life, if it demands!

Your gesture means a lot! Become the best medium like never before while helping others! Your growth lies in it. Humanity lies in it. Divinity lies in it.
